

Dress for success - interview wear for the fellas

Grooming

All hair and facial hair should be clean and well groomed. Piercings should be removed.

Suit

Your jacket and trousers should match each other. Conservative colours work best. It doesn't have to be the most expensive suit, but ensure that it fits well.

Shirt

Long sleeved shirts, ironed and tucked in are a safe bet. White or light blue shirts are appropriate and should match your outfit.

Ties

Keep it simple & make sure it goes well with your shirt.

Belt & Accessories

Belts and accessories such as briefcases or cufflinks should be conservative and fit well with the overall look. Your phone should be switched off during the interview.

Shoes & Socks

Socks should be a dark colour and mid-calf length so that no shin is visible when you sit down. Investing in a good pair of smart shoes is something to consider.

Coat

Should you need to wear a coat over your suit, go for a dark colour that looks dressy.

Avoid

Trainers
Hoodies
Funny ties
